AGENCY FOR BUSINESS

WITH U. S. PATENT OFFICE,

WASHINGTON.

No. 22 State Street, Boston.

IN 1810 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Section of Act of '37.

Having resigned the Agency for the transaction of Models, and adopted a more expeditious mode of sending them to the Patent Office, *whereby a Patent may be procured about six weeks earlier*; he continues to forward them free of expense—prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

Any applicant, at this office, inventors are saved the trouble and expense of a journey to Washington, often times there, as well as all personal trouble in obtaining their Patents. They also have the advantage of *personally explaining their inventions*, and of conversing in person with the Commissioner, *in order to obtain correct specifications and claims*. The experience of *sixteen years' practice*, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the time this office has been established, together with the facilities afforded subscriber in search in the Patent Office, and procuring Patents at Washington, will enable subscriber to afford to inventors, as reasonable as any other responsible agency, and a faithful attention to all business entrusted to his care.

E. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During a long acquaintance with E. EDDY, Esq. of Boston, I have had business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons who conducted it with more ability, or more to the satisfaction of his clients. I can, therefore, recommend him to those who may wish to procure Patents. THOS. EWBANK, late Commissioner of Patents.

KITCHEN & HENDERSON'S

HAIR PRESERVATIVE.

THIS article has been before the public nearly two years, and the proprietor is prepared to say that for REMOVING DANDRUFF from the scalp

RESTORING HAIR WHERE FALLEN OFF TEMPORARILY,

and giving it a BEAUTIFUL SOFTNESS AND GLOSS, CANNOT BE EXCELLED. The basis of this Preparation is pure vegetable Oil extracted from a plant found growing luxuriantly in the Western States, and which possesses, in a remarkable degree, the essential properties requisite for

REPRODUCING AND BEAUTIFYING THE HAIR,

by acting upon and reviving the glands or roots of it. Those who faithfully apply this Preservative will be surprised at finding how silk-like and glossy it renders the Hair, while it clears the scalp of scurf or dandruff, and affords the most agreeable sensations. It has already been extensively used, and in every instance has given perfect satisfaction.

REASONS FOR USING THIS PRESERVATIVE.

1. It is a very pretty, CLEAR article, and has an agreeable perfume.

2. It is put up in a very convenient form, and at a very reasonable price.

3. As Lungs as a stimulant, it affords relief to the Head ache.

4. It gives to hard Brashy Hair a desirable moisture and softness.

5. It prevents or arrests the falling off of the Hair where that evil has commenced, and promotes the growth of new Hair. In fact it does all it pretends Hair that any preparation of restoring and improving the ornament of the head can possibly do.

Real Estate for Sale.

THE undersigned will sell the following described Real Estate, situated at South Levant in Penobscot County:

A single Saw-Mill, Lath and Stave Mill, nearly new, and in first rate repair.

A small Farm of about 25 acres of first rate land, all under good cultivation, upon which there is a good house and barn, and other buildings, and well situated for a physician, merchant or mechanic.

A farm of about 50 acres of good land, some 150 rods from the mills at South Levant, with a small house on the same, and some improvements; together with a number of smaller lots in the village, well situated for building lots.

Also a good farm of about 60 acres near Wasson's Mills in Levant, with good buildings thereon, very pleasantly situated.

A tract of 572 acres of wood land in the town of Hermon, about nine miles from Bangor on the new County road recently located and now being opened, from Bangor through Garland and Hermon, to Bowdoin. This is an excellent tract of land for farming.

Also, a new and convenient house and lot in Bangor near the Levant road in Thomas' Hill, and near the Holland place.

The above property will be sold at good bargains and on favorable terms to purchasers. A portion of the purchase money will be required on the delivery of the deeds, and the remainder will be put on liberal time with notes secured by mortgage on the premises.

The Wonder of the Age.

BEWARE OF IMPOSITION!

The Only Genuine and Original

IS THE

NORTH AMERICAN ELECTRIC

WASHING FLUID,

For Washing in either Hard or Soft Water.

THIS is the only genuine article to be found in the world, and possesses double the power of anything ever discovered, for washing clothes at a trifling expense, doing away pain washboard at once. In fact it seems to be the long sought philosopher's stone, or universal solvent, becoming a magical preparation, its operation being of the most astonishing character. A common sized washing may be done with one gill of the Fluid, in less than two hours. It also removes the dirt, leaving the articles of the most delicate white next to being as harmless in its operations as pure water; and clothing will wear much longer than when rubbed to pieces by the common method of washing.

This Fluid is a powerful agent, to be used in all cases where soap is required, particularly for cleansing milk utensils, cleaning paint, and in fact, all scrubbing floors, in short, it is beyond a precedent, as it is used universal in the washing world.

N. B.—All Colored Goods are rendered brighter by being washed in this Fluid. All Woolens are less liable to shrink, and thereby rendered much softer than in the old way of washing.

Note.—Examine unless the Labels contain their signatures.

The above articles are warranted by the Manufacturers not to contain oil of Vitriol, Compound Liquid, or deposits of any kind, but to be perfectly harmless in preparation of the most powerful character, increasing more than double the wash in power of anything ever discovered being perfectly harmless in vapor without impairing the caustic properties of the miserable articles which find in the market, and in many instances cheat the people out of their money, that they are willing to try a good article when it is to be found. The price is only within the reach of all, and are only willing to further any interest for a single dollar.

THURSDAY, MAY 29, 1851.

Land Agent's Report

The annual report of the Land Agent of Maine is made up to the 31st of December 1850

Of the lands owned by this State in seventy 69,000 93 100 have been sold for $10,004 82 4 800 acres of land reverted to the State from previous sales, have been sold for $2 240 50 The lands owned in common with Massachusetts, which have been sold 538 008 acres for $296 208 34, one half of which is receivable by Maine

The number on land reserved for public uses has been sold on 44 554 acres for $12 693 80

The land office has paid into the State Treasury for the year $150 711 60

After stating the expenditures which have been made upon the roads and bridges through the State lands, the report strongly recommends the construction of a road from Portage Lake to Fort Kent This road passes over a very good tract of land for settling purposes, and is suggested for one of the principal thoroughfares for travel to the St. John Also for the opening of a road from Fort Kent down the St John near the Madawaska settlements

Several townships in Aroostook county have been set apart for settlement These townships have been already lotted and some of them are ready contain populous settlements of farmers The soil, is generally very rich and easy of cultivation and the report expresses the opinion that the valley of the Aroostook ook is destined to become the finest agricultural district in Maine, and probably in New England

The policy of the State in opening these lands to actual settlers, at the low price of fifty cents per acre payable in labor on roads as fully commended as being favorably that part of the State by inducements settlers to occupy the land

The opinion is expressed, that if our young men who begin to be farmers should turn their attention to the Aroostook and put upon its lands and cultivate them well, and by economy and determination they may build homes for themselves and their posterity and secure and enjoy privileges of society more desirable than would fall to their lot in the West.

While the policy of Maine is right to secure her lands to those who will faithfully occupy and cultivate them and her policy right to make improvements for the benefit of those who own by Massachusetts, in connection with Maine equally the reverse She wishes to hold alternate townships and keep up the price and demand cash payments and do nothing while Maine and her settlers go forward with improvements The report suggests that some arrangement should be made for securing her settling lands in a body, that she may have the benefit of her improvements or let Massachusetts relinquish her claim to these lands and like Maine let them be freely offered to the hardy settler

In this connection the report discusses the course which Massachusetts pursues in reference to the timber lands which was also discussed in the Governor's message

The lands surveyed last summer belonging to the two States being the whole of the township unsurveyed on the north end of it to 23 townships containing in the aggregate 548 58 acres

The quantity of land sold and located by Maine including her interest in the wood land remaining with Massachusetts is about 1 852 748 acres Much of its territory is rather poor The best of the timber lands have been sold and also a large amount of arable land

☞ The Democrats of this week labor to make it appear that the democratic party in the North has not in any manner identified itself by connection with the administration but now occupies as it has all along, a national grounds. This is bold when it is done by openly professed free soilers can obtain office except by accident, when in Massachusetts there has been for the year past an intimate connection—a joint copartnership between the locofoco party and the abolition party in Massachusetts, even to leading men marching straight over to the abolition party and carrying the locofoco party with them whom there has been and is an amalgamation of the two parties in Vermont also Apretty time of day this for the Democracy to talk about the democratic party not having been in connection with the anti slavery interests!

☞ The London correspondent of the Boston Journal states that It just provoke the Governor of Borneo that just ser well in England.—It is supposed that he has been sent for in order to afford some explanation of the late sanguinary measures of the Dyak pirates It appears that Governor Brooke summoned a council of murdered five hundred men and as a certain sum per head was offered by Government for the destruction of the pirates the head money on the occasion amounted to twelve hundred and seven hundred pounds—a pretty profitable night's work The head money system must not as an inducement to murder If an agent of the American Government had been guilty of such an atrocity the English journals would have shouted with indignation as it is there are but one or two of them, and these not the most influential, who deprecate the wholesale slaughter

Later from Port au Prince

The schooner Commerce of Boston, brings dates from Port au Prince to the 10th inst, at which time every thing was quiet on the Island Prince Bobo who had recently created some disturbance there remains secreted in the mountains, and is not thought worthy of capture by the government, so insignificant was the recent attempt at insurrection.

☞ The Asmonean, Jewish paper, of New York city, states that there are at present in the State Prison, at Sing Sing seven hundred and ninety odd prisoners, of every creed and color, sex and except the Jewish, and not one person of Jewish faith or descent among the number

INDIAN DIFFICULTIES St Paul's (Minnesota) papers of the 12th inst. report that hostilities have again broken out between the Chippewas and Sioux, between whom a treaty of peace was recently concluded.

☞ At this moment, two of the best newspapers in the British West Indies—Morning Journal in Jamaica and the West Indian, in Barbadoes—are owned and edited by gentlemen of color

☞ There are now eighty seven persons confined in the State Prison at Thomaston of whom fifty were committed during the year 1850,

Jenny Lind is usually called a nightingale but a chap who gave $70 for a ticket the other day, says it has op more than a robin

☞ Thanks to Mr. Pegg the gentlemanly clerk of the steamship Boston for New York papers received yesterday in advance of the mail

☞ We return our thanks to Hon Gorham Boynton Senator from this county and Dr H M Harlow Assistant at the Insane Hospital, for public documents forwarded by them gentlemen from Augusta for our use.

☞ We are greatly indebted to Mr Cushing the attentive and gentlemanly Clerk of the steamer Governor for Boston papers received in advance of the mail

☞ Thanks to Bryant & Co's Express for Boston papers received yesterday in advance of the mail

☞ "Taste is wasting us away" observed Moses Shuman, our polite City Undertaker slowly wending his way to Mount Hope

To Death.

No Tyrant thou Oh Death thy beckoning hand
Allow a one not to sorrow but to rest—
To all mankind sent on Nature's tranquil breast!
An invitation thine—not a command
Thy bidding mine stern lying thy presence stand
A quiet I rob me for thy regal halls—
And there Oh gay and bold behold the bridegroom calls
And loved and lost no more who have gone before!
On sound I followed Mourn, above and hand
The birds will sing the flowers their fragrance shed
And the waves murmur from the neigh bring shore
When I welcome thee when I lose last mourners feel
For all of Bliss he gives and all of grief is over!

These extraordinary medicines have now been before the public for a number of years and during that time have been subjected to the severest tests by which it is possible to prove the value of any medicine. Innumerable certificates of their virtues have been received by the proprietors from persons of the highest character and responsibility, many of which have appeared before the public, but the proprietors deem it unnecessary to publish certificates in favor of an article which has attained the unparalleled celebrity which this has obtained. Its sale has increased to an extent which is unprecedented in the history of any medicine, and the proprietors have the satisfaction of knowing that it has given more general satisfaction than any other medicine ever offered to the public. Its power in purifying the blood and eradicating from the system the most inveterate diseases has been proved in innumerable instances, and it is daily recommended by the most eminent physicians. Its effects are permanent, and those who have been cured by it are not subject to the return of disease, as is frequently the case with those who have been salivated by mercury. It is perfectly safe in all cases, and may be taken with entire confidence by the most delicate female or infant. Explicit directions for use in all cases will be found in pamphlets around the bottles, which should be carefully preserved.

Prepared by A. SANDS & CO. Druggists, No. 79 Fulton street, New York.

Sold by A. D. MANSON, Bangor, and by Druggists generally throughout the country.

BOSTON Mass Aug 1st 1849

Messrs A B & D Sands—Gentlemen: Having been troubled with Rheumatism in the lower part of my system, I was induced to try your Sarsaparilla, and after using two bottles I found myself entirely relieved from the disease. I have since used it in my family for Scrofula and Cutaneous Eruptions, and have found it to be a most excellent medicine for purifying the blood. I have also recommended it to many of my friends, who have used it with the most beneficial results. I consider it the best medicine for the purpose I have ever known, and shall always recommend it as such. Yours truly, JOHN BANVARD 21 Tremont st

I have sold and used Sands' Sarsaparilla for many years, and have no hesitation in saying that it is the best medicine for the purpose for which it is recommended that I have ever known. Yours truly, C. H. WOODBURY Mayor

Bogle's Hyperion Fluid

For Restoring, Preserving, and Embellishing the HAIR

The following Certificate from Dr Winslow Lewis one of the most eminent Physicians of Boston will show how entirely unlike it is to the many so called Hair Restoratives now in use

Boston Feb 15 1847

Mr Wm Bogle—Sir The preparation invented by you for the hair has been extensively used in my family and by myself in the decided preference over all other compositions of the kind. It gives a beautiful lustre to the hair, and also keeps the head free from dandruff, and leaves the hair in a healthy state without producing any of that deleterious effect which is the result of the use of most of the compounds now in use. I have no hesitation in recommending it to the public as a valuable article.

WINSLOW LEWIS

It is unnecessary to add certificates to establish the merits of this truly valuable preparation for the hair. Its unparalleled success in the short space of time it has been before the public, is sufficient proof of its superiority over all other articles of the kind. Numerous certificates of its wonderful effects in restoring the hair after it has been entirely lost by sickness, or from other causes, can be seen at the office of the proprietor, No 304 Broadway New York

BRANT'S INDIAN PULMONARY BALSAM,

The Great COUGH REMEDY

Has proved itself superior to a hundred Throat and Lung Complaints that have come under its curative influence. Its virtues are not confined to any one section of the country, but it is equally as perfect a remedy in the warm climate of the South, as in the cold regions of the North. Coughs Colds Consumption Asthma Bronchitis Croup Whooping Cough Influenza Hoarseness Pain in the Side Breast or Lungs Spitting of Blood Difficulty of Breathing and every symptom which leads to Consumption, are speedily relieved by the use of this Balsam. Public Speakers and Singers will find it just the article they have been in search of for years. Military Officers and Soldiers should always have a bottle with them on their marches and in camp. Sea Captains and Voyagers should not leave port without it. Many persons have been cured of Consumption by this Balsam after the Physicians had given them up to die. Let no one neglect a cough or cold, however slight, while this remedy can be obtained. Keep it in the house, and when the first symptoms of disease appear, take the Balsam according to the directions, and be cured. Consumption,

CURED and all diseases of the Throat and Lungs relieved by the use of Dr Wistar's Balsam of Wild Cherry. Read the following letter from Mr Wm Wilkinson of Lowell, Mass, who was cured of a severe Cough and Pain in the Side, by the use of this Balsam, after he had been given up by his physicians to die.

LOWELL Mass Feb 15 1847

Mr Wm Bogle—Sir The preparation invented by you for the hair has been extensively used in my family and by myself in the decided preference over all other compositions of the kind. It gives a beautiful lustre to the hair, and also keeps the head free from dandruff, and leaves the hair in a healthy state without producing any of that deleterious effect which is the result of the use of most of the compounds now in use. I have no hesitation in recommending it to the public as a valuable article.

WINSLOW LEWIS

It is unnecessary to add certificates to establish the merits of this truly valuable preparation for the hair. Its unparalleled success in the short space of time it has been before the public, is sufficient proof of its superiority over all other articles of the kind. Numerous certificates of its wonderful effects in restoring the hair after it has been entirely lost by sickness, or from other causes, can be seen at the office of the proprietor, No 304 Broadway New York
